or: Dave Carter, (530) 265-NEWS

AUBURN-- Financial assistance grants for five local community water supply projects were approved Thursday (May 20) by the Placer County Water Agency Board of Directors.

The 2010 grants include:

- \$10,000 to the Sierra Lakes County Water District on Donner Summit to help fund a water supply analysis project.
- \$7,000 to the Talmont Resort Improvement District at North Lake Tahoe for a water meter project.
- \$20,000 to the Tahoe City Public Utility District for engineering assessments of the seismic safety of district water storage tanks.
- \$25,000 to the Christian Valley Park Community Services District for a water storage tank site study.
- \$20,000 to the Heather Glen Community Service District for water storage tank studies.

Directors also voted to provide in lieu support services to the Foresthill Public Utility District in the district's water rights investigation and analysis project.

The five funded projects share a total \$82,000 made available through this year's PCWA Financial Assistance Program. Since 1993, PCWA has granted more than \$1.4 million to local water purveyors in Placer County.
